MORE TROOPS TO THE FRONT.

MacArthur and Lawton Are Reinforced to Strike a Decisive Blow.

Associated Press Dispatches by The Tribune's Special Leased Wire.
MANILA, May 12, 4:50 P. M.—Fresh troops are beginning to go to the front. Two battalions of the Seventeenth Infantry (regulars) that had been holding the lines about the city of Manila will join Major-General MacArthur's division at San Fernando tomorrow, and one battalion of the same regiment will reinforce General Lawton's division near Bacolor.

THE DEWEY OF THE ARMY.
Captain Grant of the Utah Battery, whose success in manning the army embarks, Laguna de Bay and Cavendish, has won for him the sobriquet of the "Dewey of the Army," has been put in command of the recently purchased 84th Irish gunboat, whose arms the insurgents captured.

NEBRASKA BOYS WORN OUT.
MANILA, May 12 (via Hongkong).—The First Regiment, Nebraska Volunteers, is taking the step of respectfully petitioning the commander, Major-General MacArthur, to temporarily relieve them from duty at the front. The regiment is badly exhausted by the campaign, in which it has taken on active part, and not many more than 300 men of the organization are present as fit for duty. On Sunday last sixty men of this regiment responded to the sick call.

ASK FOR A REST.
The men, in view of the facts, have prepared a respectful memorial to General MacArthur asking that their regiment be withdrawn for a short time from the fighting line in order that they may recuperate. The memorial states that the men are willing to fight, but are in no condition to do so, owing to the strain of long marching, constant fighting and exposure, duty, in which they have been engaged. It is urged that many of the men have been in the line for weeks, and that they are worn out, and that they have been compelled during all that time to sleep in their uniforms to be in readiness for fighting.

REGIMENT'S HEAVY LOSSES.
The memorial adds that since February 2d the regiment has lost 225 men in killed and wounded and fifty-nine since the battle of Manila. The officers of the regiment propose to present a similar memorial on behalf of the men. The splendid record of the First Nebraska in the entire campaign and the terms of the memorial presented by the men are such that no hope of insubordination can be brought against them.

EFFECTS OF TROPIC HEAT.
Five volunteer regiments and the Utah Battery of Artillery are at San Fernando. They must be in all about 2,500 men. Many of the soldiers are in hospitals suffering from heat or other causes. The wounded were all suffering acutely and showed the effects of exposure to the sun when they arrived. Three days ago, they had already had little water to drink except that brought by railway trains from Manila, and that was making the men contented.

TROOPS NEED REST.
WASHINGTON, May 12.—No dispatch received recently from Manila has been followed with deeper interest than that sent by the Associated Press via Hongkong.

War Department officials and army officials did not like to be quoted upon the subject, but the comment generally among army officers was that the troops, which had been fighting long and continuously, were exhausted and were really in need of rest. It was expected that the men did not fear fighting, but that they were worn out by marching and constant picket duty.

Some army officers suggested that the action of the Nebraska regiment was like a town meeting, and that an army could not be conducted upon such lines.

Comment was made to the effect that the dispatches indicated various regiments were in duty constantly, and that there was no reserve to relieve them when they reached the limit of endurance. It was stated by an officer in the department that one reason why it has been impossible to relieve the volunteers with the regulars now at Manila was because the regulars recently sent to the Philippines were at least two-thirds recruits, and were not really in condition to take the place of the volunteers, who are now veterans. It is believed that General O'Donoghue does not care to risk the hard fighting to recruit men, and that he desires the volunteers to remain at the front because he is sure of them in any emergency.

NO HITCH IN NEGOTIATIONS.

Our Disputes With the Canadians Being Adjusted.

Associated Press Dispatches by The Tribune's Special Leased Wire.
LONDON, May 12.—With reference to negotiations by the Washington Joint Commission, the correspondence here of the Associated Press has obtained from the highest quarters the following authoritative statement: "Negotiations have never been broken off or endangered at any time since the adjournment of the commission. If matters proceed as smoothly as they are at present doing here, Sir Julian Pauncefote's return to Washington will be signified by the conclusion of a treaty embracing every question in dispute in a manner honorable and pleasing to the two countries."

SPECIAL MEETING OF THE DIRECTORS.

The new directors of the Home for Adult Blind on Telegraph avenue will hold a special meeting at the institution this evening. John P. Irish will be elected president of the board. Dr. Superintendent Saunders, who reports to be reinstated, had a consultation with Colonel Irish last evening.

BITTER WORDS AT REUNION OF CONFEDERATES.

Federal Care of Graves of Southerners the Cause.

Willing the Government Should Care for Those in the North.

Associated Press Dispatches by The Tribune's Special Leased Wire.
CHARLOTTE, S. C., May 12.—The report of the Historical Committee was read and adopted by the council of the Veterans' reunion today. Robert Lee Jr., grandson of General Robert E. Lee, was introduced to the convention, and then Dr. J. Leroy addressed the gathering, reviewing the conditions that caused the war. He declared there was no rebellion and no rebels, but a fight for principles and rights. This speech created wild enthusiasm. He said the heroism of the Southern women had never been even approached in the history of the world. The committee on Resolutions then reported the substitute for the resolution on Federal care of the Confederate graves, recommending the "United Confederate Veterans record their sincere appreciation of the utterance of the President of the United States in Atlanta in December last, concerning the assumption of the care of the graves of our Confederate dead by the national Government."

That "We shall welcome any legislation which shall result in the care of the graves of our comrades in the Northern States by our Government."

In regard to the Confederate dead it was recommended that the care of their final resting place as a sacred trust, dear to the hearts of Southern women, and we believe we can safely let it remain there.

Rev. Taylor Martin of Pulaski, Va., spoke against the adoption of the resolution. He said the dead heroes had rather lie in unmarked graves, kept green by loyal Southern women, than sleep beneath the costliest monument the Federal Government could erect.

The discussion of North Carolina declared in a speech that it would be a disgrace to the chief of the nation and a disgrace to the Confederacy if the report was not adopted as received from the committee.

The discussion then grew very bitter, and great confusion followed.

"There's too much McKinleyism in it," shouted a veteran in the audience. Various expressions followed this, many of them bitter and sensational. The report was finally adopted with cheers.

The following officers for the ensuing year were elected:

Commander-in-Chief, General John B. Gordon.

Commander of the Department of Northern Virginia, General Wade Hampton.

Commander of Tennessee, General Stephen D. Lee.

Commander of the Department of the Trans-Mississippi, General W. L. Cabell.

In accepting, General Gordon said there were now Confederate camps in New York, Boston, Chicago and Columbus, Ohio.

General Colquitt of Atlanta was elected Commander-in-Chief of the sons of Confederate Veterans. His only opponent was Robert Lee of Virginia. The next reunion will be held at Louisville, Ky.

COLLECTOR ACTED IN SELF DEFENSE.

The preliminary examination of Frank Jacinto, charged with assault with a deadly weapon, was concluded in the Police Court this morning and defendant discharged. Jacinto was charged with striking S. J. Pembroke over the head with a spoke from a wagon wheel when the latter attempted to collect a bill from him.

Jacinto admitted having used the club, but said he used it in self-defense. His claim was that Pembroke attacked him in the store of Fred Wuecher, and as Pembroke was a much larger man than himself he used the spoke, inflicting three wounds on his assailant's head.

Pembroke's testimony was to the effect that he was struck on the back of the head as he was leaving the store, while the testimony of Dr. A. H. Dodge was to the effect that the wounds must have been made showed conclusively that Pembroke must have been facing Jacinto at the time the blows were struck.

STATUE OF A CIVIL WAR HERO IS UNVEILED.

Ceremonies in Honor of Gen. Hartranft at Harrisburg.

Cabinet Members and Other Distinguished Visitors Present.

Associated Press Dispatches by The Tribune's Special Leased Wire.
HARRISBURG, Pa., May 12.—The equestrian statue of John Hartranft in Capitol Park was unveiled with impressive ceremonies today in the presence of a large concourse. President and Mrs. McKinley were expected, but they could not come on account of the condition of the President's health.

A telegram was received this morning by the reception committee from Major General Miles, stating that on account of official business at Washington he would be unable to come.

Postmaster-General Smith, Secretary Alger and Adjutant-General Corbin were present to do honor to the hero of Fort Steadman. Another guest of honor was General H. K. Douglass of Hagerstown, an aide on the staff of General Stonewall Jackson.

The statue was designed by F. Wellington Ruckstuhl of New York, and is regarded as one of the most artistic and lifelike equestrian statues in this country. It represents General Hartranft, returning from war, receiving the plaudits of the people.

The ceremonies opened by music by the Indian band. Miss Lenora Embick, daughter of Ex-Representative M. Embick of Berling Springs, a member of the Hartranft division, spoke. The reviewing party included Governor and Mrs. Stone, Mrs. Hartranft and family, Secretary Alger, Postmaster-General Smith, Adjutant-General Corbin, Mrs. Levi A. Dodd, Major-General Gregg and members of the Senate and House of Representatives. There were over 3,000 men in line.

The survivors of the Third Division of the Ninth Army Corps, commanded by General Hartranft in the Civil War, also included the Ninth Regiment of Immunes from Camp Meade, a provisional brigade of the National Guard, and Grand Army posts and Sons of Veterans Camps of Harrisburg.

Following the reunion of the survivors of the Fifty-first Regiment, Pennsylvania Volunteers, of which Hartranft was Colonel, the old soldiers marched to the Executive Mansion to pay their respects to Mrs. Hartranft and her two sons and daughters, who are the guests of Governor and Mrs. Stone.

A STATION FOR ALASKA.

Associated Press Dispatches by The Tribune's Special Leased Wire.
WASHINGTON, May 12.—Captain Ray, who will be placed in command of the military district of Alaska, has been busy about the War Department getting ready for his departure, which will take place in July. He will sail from San Francisco or Seattle with supplies for a year. He expects to establish headquarters on the Yukon at Mission Creek, which is near the boundary line. Here he will build a regular military station for the accommodation of his troops and supplies. A military reservation will be established there. A forest reservation will also be established.

Captain Ray will take two saw mills with him to manufacture the lumber, which will be necessary for the new station. He will go by boat by way of the mouth of the Yukon, and will have all his supplies taken in by that route.

BRIGGS ORDAINED SUNDAY.

Associated Press Dispatches by The Tribune's Special Leased Wire.
NEW YORK, May 12.—Bishop Potter gave out the following formal notice today:

"The Rev. Dr. Briggs and the Rev. Charles H. Sheehan will be ordained on the day officially appointed by the Bishop of New York, May 14th, at the Cathedral, St. Ann's street, New York, at 10:40 A. M. The Rev. George William Douglass will preach the ordination sermon. The Rev. Charles M. Smith will present Dr. Briggs, and the Rev. Dr. Francis Nelson will present Mr. Sheehan."

Bishop Potter chose the cathedral for the place because Dr. Briggs had asked to be assigned to work there and will work there in the future.

FIBUSH VIOLATED BICYCLE ORDINANCES.

Ex-Councilman Aaron Fibush is the latest victim of the bicycle ordinance requiring the carrying of lamps. He was arrested last night by Officer Pardee for failure to have a lighted lamp on his bike. Fibush is the possessor of a small policeman's club which has a small electric light in one end. He produced this with the light turned on as proof that he was carrying a light on his wheel, but his bluff did not work. Fibush was escorted to the city prison, where he deposited \$5 bail, which he will forfeit.

MEASUREMENT OF LIPTON'S YACHT.

Shamrock Will Not Be Ready Until Late in June.

Associated Press Dispatches by The Tribune's Special Leased Wire.
NEW YORK, May 12.—A dispatch to the World from London says: The Yachting World gives the measurement of Sir Thomas Lipton's cup challenger, the Shamrock, as follows: Length over all, 130 feet; water line length, 59 feet; extreme beam, 24 feet. This shows that the total overhang of the Shamrock is 41 feet.

The shaping and fitting of the Manganese plates has been tedious, but has been almost completed.

The keel was cast in a solid block of lead weighing 89 tons. This has to be bolted to the frames, necessitating the boring of many holes right through the immense block of lead from the top to the bottom.

The difficulty of this operation can be understood when it is stated that the keel tapers in depth from two feet two inches to four feet six inches.

The great weight of the immense mass of lead makes it impossible to transport it to proper boring machines. Another difficulty due to the nature of the metal is that the lead has a tendency to break off and choke the bit.

This latter trouble has already delayed the work much longer than was anticipated.

A boring machine of a novel design has recently been employed with satisfactory results and the work is now progressing more rapidly than before, but it will be well advanced before the Shamrock is ready for the water.

DEWEY LEAVES IMMEDIATELY.

Gets Permission to Return at Once and Comes By the Suez Route.

Associated Press Dispatches by The Tribune's Special Leased Wire.

WASHINGTON, May 12.—"Send all Olympia's mail to B. P. Stevens, No. 4 Trafalgar Square, London, England," was the notice given out at the Navy Department today.

This is the first formal indication that the famous flagship is coming home immediately. Upon inquiry it was ascertained that Secretary Long had last evening cabled Admiral Dewey permission to return at once to the United States. He has been relieved of the obligation of remaining at Manila until the Philippine Commission completes its work. He is not even required to await the cessation of hostilities, but may start homeward at once.

THE OLYMPIA'S MAIL.

The notice posted at the Navy Department indicates that the Olympia will not remain long enough to receive the next outward mail.

Mr. Stevens referred to is the Navy Department's agent at London to distribute all of the mail for United States warships in European waters, so he will see to it that the Olympia receives hers as soon as she passes the Suez canal.

HOME FOR THE FOURTH.

It is estimated at the Navy Department that the Olympia will reach the United States in time for a demonstration on the Fourth of July next. The Olympia will not come under full steam, but she should make the run to New York in about thirty-five days. That she is to come to New York is nearly certain, as shown by the following response made by Secretary Long to the urgent message of invitation to Dewey from Mayor Van Wyck of New York. It may be stated that this was sent before the notice was sent to Dewey that he might come home at once.

LONG'S LETTER TO VAN WYCK.

"NAVY DEPARTMENT, WASHINGTON, D. C., May 12.—Mayor Van Wyck, New York: Am in receipt of your telegram in regard to return of Admiral Dewey and expressing desire that he arrive first in the country at New York. The time of his return has not been fixed, and the Department has taken no other action than to authorize his return whenever the conditions call him here. As to what route he shall take in returning, I am inclined to leave that to him. He has served with great ability and must necessarily feel the effect of his arduous labors in a trying climate and under trying circumstances, so the Department is disposed to let him govern himself in this respect largely by the consideration of his own personal convenience and wish. It is understood, however, that Admiral Dewey will elect to return to New York. Very respectfully, JOHN D. LONG, Secretary."

ANNEXATION IS CUBA'S DESTINY.

Good Government Not Possible Under Natives.

Associated Press Dispatches by The Tribune's Special Leased Wire.
NEW YORK, May 12.—The Herald quotes Oswald Welsh, a Cuban planter of thirty years' experience, as saying: "There is no ruling around the fact that Gomez and not General Brooke is the actual Governor of Cuba. The Americans own and rule the cities, but the insurgents know this and all his army officers know it. Brigandage is as bad now as it was at any time under Weyler. They are shooting brigands all the time. Six, I believe, were shot the other day at Santiago. The American people do not know what is going on. Because the information is kept from them. American owners of plantations are afraid to come out openly for annexation, because they fear the insurgents. But they are working under cover. As to the owner of one of the largest plantations near Cienfuegos, I am not afraid to tell the truth. If annexation does not come pretty quickly this government is going to have more trouble than it has ever dreamed of."

RAILROAD MEN AND THEIR WORK.

The Working of the What Is Being Done
New Train Time Table. Among the Brotherhoods.

THE NEWS OF THE TRAINS, SHOPS, SLIPS AND YARDS.

The freight traffic at West Oakland yards and Long Wharf is exceptionally good for this season of the year and one of the greatest factors is the freight for the Hawaiian Islands trade. Ever since the annexation of the islands the freight shipments have been very large and are steadily increasing until now there are over 600 carloads of island freight in the yards at Long Wharf.

Most of this is heavy plantation machinery for water works and sugar mills, some of the pieces being as heavy as fourteen and fifteen tons, indicating a very rapid development of the sugar industry.

At this time there are six large ships loading for the islands with machinery, etc., and as many as eight loaded for these ports at one time before from this side of the bay. The planter is loading a general cargo of heavy machinery, railroad rails and flour. The R. D. Ripley is loading a general cargo of heavy machinery, railroad rails and flour. The R. D. Ripley is loading a general cargo of heavy machinery, railroad rails and flour.

The English ship Falls of Clyde, which left here several weeks ago in ballast, has returned with 3,000 tons of sugar. The California is at Sixteenth street with a cargo of lumber for the California Lumber Company. The schooner J. G. Wall is at West Berkeley with lumber. The steamer North Fork arrived today with lumber for the Spring Valley Water Company for the giant pump at Niles. The Southern Pacific is loading a general cargo of heavy machinery, railroad rails and flour. The R. D. Ripley is loading a general cargo of heavy machinery, railroad rails and flour.

Large consignments of foreign animal coal are being loaded in excess of any previous shipments. The sugar shipments are very heavy. Wednesday night 2,000 four cars were shipped east by way of New Orleans.

One of the local shipments of beef cattle that ever came to the yards was received on night this week. The train was from Texas, consisting of fifteen of the new special stock cars of the U. P. & S. A. R. and loaded with a large number of cattle. The cattle were an exceptionally healthy lot and the arrival of the shipment caused quite a stir among the local stockmen.

An unusual sight is seen at Long Wharf in the shape of California railroad ties to the Denver & Rio Grande Railroad Company. This company has had ties, but it has now contracted for several thousand, and has sent a representative here to attend to the shipment of the ties. The last of the shipment is to be delivered by July 1st.

A very peculiar accident occurred at the Pacific street slip Sunday night. While loading the freight ferry boat through the slip at extreme low tide a coupling loosened, allowing two loaded box cars to run off the end of the boat and into the water. The car in the water was rather an unwelcome thing to handle and the recovery of the same represented a great deal of labor.

The wreckers grappled and fringed, until the trucks were recovered, and then the cars were towed out of the slip so the boat could proceed on her trip. The work of fitting the cars out was very tedious, and not until Wednesday night was the last one raised from its watery berth.

The express of racing men has called for a great many specially fitted cars for the transportation of their stock. Since March 21st there have been nearly twenty of these cars shipped East. In most cases Eastern baggage or express cars have been used, but where these were not available the old Southern Pacific cars were used.

IN THE SHOPS.

WHEELER AN EXPANSIONIST

Associated Press Dispatches by The Tribune's Special Leased Wire. CHARLESTON, S. C., May 11.—The morning session of the Confederate reunion opened with the singing of the Doxology followed by prayer by Chaplain Smith. The following letter from General Fitzhugh Lee was read:

"I am obliged for your kind and complimentary letter. I do not know of anything that would have given me greater pleasure than to be at the reunion in Charleston, but my duties are so pressing that I fear I will not be able to leave, if only for a few days.

"Then, too, I think the quarantine regulations would prevent me from getting to Charleston or any other Southern port in May. You see after these quarantine laws are in force we Cubans are supposed to have yellow fever, smallpox and all other diseases, and we are set down as not being proper persons for anybody to associate with until the gray frocks over spread the land. Yours very truly,

(Signed) FITZHUGH LEE.
General Gordon then introduced General Lee. "I need not tell you," said General Gordon, "that there is one of the wildest points of Confederate warfare. I need not tell you of that day in Santiago when he saw the Spaniards flying before him, and when, in the wild enthusiasm of the moment, he forgot where he was and called upon his men, 'Forward, boys, the Yankees are running.' If I should tell you any of these things I would strike a chord in every heart, but

CONCESSIONS CAME FROM US

Associated Press Dispatches by The Tribune's Special Leased Wire. WASHINGTON, May 11.—The statements of the press of London and Canada respecting the reasons for the recent failure of the negotiations with Canada have occasioned much surprise in the official world of Washington. These statements assume that the Canadians made all the offers of concessions, the United States commissioners standing by existing conditions. The facts, as understood here, are directly contrary to that view. There are certain facts tending to contradict the statement of the press, that the Associated Press is now able to make known for the first time.

"Take the question of trade with Canada, for example, it is positively known that the Americans offered absolute free trade in mineral products, an extension of the free list of forest products, an important concession of duty on lumber and on most agricultural products. It is also known that they offered liberal terms for the adjustment of the Berlin sea sealing question and offered an amicable method for the adjustment of the boundary question, yielding to Canada's views in respect to alien labor and to the Lake fisheries and offered reciprocal mining privileges.

Indeed, if the opinion in well informed circles here is well founded, nearly every offer of concession proceeded from the side of the United States, the Canadians, as a rule, declining to commit themselves to any distinct proposition of the foregoing topics. The Associated Press, in fact, it is universally believed at Washington that the distinct offer of concessions for a settlement came almost wholly from the United States Commissioners.

ENTERTAINED W. A. HOLCOMB.

Sophia McFarland will not get \$1,500 for caring and nursing W. A. Holcomb prior to his death. Judge Ogden this morning gave judgment for the defendant, Lulu Cora Holcomb, the executor of the estate.

The plaintiff was suing for compensation for alleged nursing and caring for the deceased. She claimed that \$1,500 would be a reasonable compensation for her services.

In giving judgment for the defendant, Judge Ogden stated that there was no testimony to show that plaintiff had cared for and nursed defendant. The case was shown that Holcomb was accustomed to visit plaintiff frequently at her home in San Francisco and take dinner with her. Holcomb resided in this city at the time.

The court held that although Holcomb had probably been well entertained, it was not the kind of service which plaintiff could collect money for. Further the statute of limitations would preclude the collecting of such a large sum even though it was shown that services had been rendered.

BURGERS RETURN'D TO SACRAMENTO.

The three burglars caught by Detective Holland and Gueley yesterday afternoon have turned out to be the men who cleaned out the store of M. Glickman, on Third street, between J and K, at Sacramento, Tuesday night.

I am not going to do it. I am going to strike every chord at a single stroke at once by calling the name of Joe Wheeler.

The audience applauded wildly. Every sentence of General Wheeler's speech brought shouts of applause and stirred the veterans to a frenzy of enthusiasm. At times it was impossible for the speaker to proceed.

General Wheeler declared that Southern soldiers and Southern statesmen had ever taken a prominent part in all movements looking to the enlargement of the territory.

"The position in which the American people find themselves today was not brought about by the logical result of things thrust upon the country, but by the course of events beyond our control. The supreme test of American institutions is involved, and the American system of government is on trial.

"In one year we have risen to the first place in the family of nations; to make the smallest retrograde step would be at the expense of the prestige we have won. To return to the starting point of a year ago would be to lose what it would take a century to regain. In answer to those who say that the policy of our forefathers forbade the extension of territory I would point to Jefferson and the Louisiana purchase, Monroe and Florida, Polk and Texas and the vast territory acquired from Mexico, and later to Andrew Johnson and the acquisition of Alaska.

In concluding, General Wheeler paid an eloquent tribute to the women of the South and the part they bore in the war and the dark years that followed.

about the job, and the Sacramento officers were notified. This morning Detectives O'Malley and Fisher of the Sacramento Police Department arrived with a warrant and took the three young men back to the scene of their crime.

The Sacramento officers say the boys took everything in the store but the shoe cases and the safe. They also say that when Glickman entered his store Wednesday morning he thought he had moved out.

In addition to the jewelry, furnishings, goods, etc., found by the local officers, several large telescopic cases of clothing which were shipped to San Francisco by express were recovered last evening.

Detectives Holland and Gueley accompanied the officers to Sacramento this afternoon.

The young burglars were not a bit backward about telling of their raid, one of them saying that he was satisfied as long as they did not get more than two years.

MAY ADMIT WOMEN.

Associated Press Dispatches by The Tribune's Special Leased Wire. KANSAS CITY, May 11.—The question of admitting women to membership in the Catholic Knights of America, defeated yesterday by a vote of 274 to 185, was taken up again at the second day's session of the biennial council of that order. A majority voted for a reconsideration of yesterday's action and by a vote almost unanimous the amendment was re-referred to the law committee. It seems to be the general opinion that the amendment will be changed slightly and will then be adopted.

BALTIMORE, Mo., May 11.—Three men who were playing cards in a freight car set it on fire early this morning and one of them, Lawrence Keeler of this city, was burned to death. WEST VIRGINIA WAR

Associated Press Dispatches by The Tribune's Special Leased Wire. BEVERLY, W. Va., May 11.—Hearing that a force of 500 citizens of Elkkins, W. Va., was on the way here to remove the county records pending the settlement of the question of the location of the county seat, citizens under the leadership of Mayor J. F. Harding, a Confederate soldier, fortified the county building and prepared to resist the posse. The others came back on hearing of these preparations. The county records are still under guard.

HIGH PRAISE FOR SOLDIERS.

Associated Press Dispatches by The Tribune's Special Leased Wire. WASHINGTON, May 11.—Adjutant General Corbin this morning made public the report of General Harrison Gray Otis, commanding the First Brigade, Second Division, Eighth Army Corps, giving the details of operations in the Philippines from the 1st to the 31st of March. The brigade participated in the movement against Malolos, which occupied several days of fighting. In concluding the report, General Otis says:

"Thus, after an arduous and brilliant campaign by the Second Division, supported by other troops, lasting seven days and involving frequent combats, numerous casualties among our troops and heavy losses by the enemy, Malolos, the recent capital of the so-called Filipino revolutionary government, fell before the American arms.

"It is my grateful duty to commend the officers and men upon their bearing throughout the campaign. They have shown in an eminent degree the qualities of good soldiers—obedience, discipline, endurance, courage, steadiness, patriotism and the most magnificent ardor in battle. The regimental commanders, Colonel Harry C. Kessler, First Montana Infantry; Colonel Frederick Funston, Twentieth Kansas Infantry; and Major W. A. Kolbe, commanding the two battalions of the United States Artillery (serving as infantry) have again proved in actual field service their capacity and fitness for their responsible posts, and I again recommend them and each of them for such special mark of distinction as the commanding General and the War Department may be pleased to confer upon them on their merits.

"In my previous task I have to report that the casualties of the brigade during the seven days of operations, particularly described in this report, aggregate 138 in killed and wounded, thus swelling the total casualties in battle since the outbreak of the rebellion to 235, or considerably more than 10 per cent of the average strength of the command actually engaged in the campaign from first to last."

NEW YORK WANTS DEWEY.

Associated Press Dispatches by The Tribune's Special Leased Wire. NEW YORK, May 11.—The following cable was sent by Mayor Van Wyck to Admiral Dewey today:

"The people of the city of New York desire an opportunity to officially welcome you on your return home. They earnestly request that you first reach America at the city of New York, the metropolis of the Western Hemisphere, where the fullest opportunity can be given the people of this country to do appropriate honor to the hero of the Spanish American war."

He also sent the following telegram to Secretary Long:

"The people of the city of New York intend to extend an official welcome to Admiral Dewey when he comes to this city. It is their earnest desire that the great Admiral should first reach the American continent at the port of New York. They sincerely hope that the United States Navy Department can arrange his homecoming."

VACATION OF SUPERVISORS.

The Committee of the Whole of the Supervisors held a short executive session this morning to discuss plans for vacations for some of the Supervisors and to make a general review of the work which is before the Board.

Supervisor Talcott was granted a leave of absence for four weeks. He will leave tomorrow for Bartlett Springs.

Supervisor Roeth will take his vacation beginning about June 1st. Supervisor Wells said he did not wish to take a vacation.

Supervisor Mitchell and County Clerk F. C. Jordan left this morning for Portland by water.

The arrangements for the vacations have been made so that there will always be a quorum of the Board on hand to transact the business of the county.

The Supervisors also discussed the 15 per cent reduction made by Assessor Dalton in the poll tax. The Board decided that the matter did not come under its supervision. It was decided that the matter lay between the State Controller and Assessor Dalton.

A., has received instructions from President Mitchell of the national organization to issue a notice to the miners of the Western Coal and Mining Company, Kansas and Texas, and the Central Coal and Coke Company, and to suspend work Saturday, and today he began mailing circulars to that effect to the unions under him. It is feared that the strike may become general all over the district, in which case 12,000 men will be involved.

SCHOOL BOARD CASE HEARD.

The contest of C. G. Kjellstrom to have Dr. W. F. B. Wakefield declared incompetent to hold office as a member of the Board of Education was begun before Judge Elsworth this morning. Reed & Nusbaumer appeared for the contestant. Attorneys J. W. Stetson, Carl Greene, Crowell & Leach represent the defendant.

The matter taken up was a demurrer to the contest. Judge Elsworth argued that the provisions of the city charter, which declared that a person must be the head of a family and a qualified elector of the city for three years prior to election before being entitled to hold office, was void. He based his contention on the ground that these provisions were at variance with the State constitution.

Attorney Nusbaumer made a lengthy argument in reply. He began by stating that it was a very common thing to find laws made by educators to be very uncertain and often incorrect. While as a rule they were grammatically correct, the goal to be reached was often overlooked. Then followed a lengthy discourse upon laws and their bearing upon the present case. The contest is still in progress.

MURDOCK CASE TESTIMONY

Associated Press Dispatches by The Tribune's Special Leased Wire. WILLIAMS, Cal., May 11.—The first witness in the Murdock case today was Expert Theodore Kyrtka, was retained by the defense to testify as to the question of the signature. Few questions were allowed, the court ruling that these matters had been fully gone into.

Plaintiff's attorney called Allen Henry for further cross-examination. The witness was asked many questions as to his business affairs, all over the objections of the defense. Witness told of taking his wife to Allen's Springs in 1877, giving particulars of the trip to and from the springs.

Mrs. Henry was called, and her husband was excluded from the court room while she was testifying. Mrs. Henry testified yesterday that Mrs. Murdock was at the springs on the day she claimed she was at home, when the big note was made. Her cross-examination today was directed toward testing her memory. The witness made good answers, and did not become tangled during the lengthy questioning.

W. H. Duncan, a local citizen, testified that he once saw William Murdock driving a one-horse vehicle. The defense has declared that Murdock never had such a rig. The plaintiff testified that Murdock came to her place in a one-horse rig on the day the big note is supposed to have been made.

STRANGE TALE OF A QUEER WOMAN.

A strange woman who refused to give her name applied at the Chief of Police office this morning for assistance in collecting \$2,000,000 she said was due her on a title to property on Market street. She said she had just arrived from Sacramento where she had held a consultation with the Governor who assured her that she could get a check for the amount by calling upon the Sheriff.

Seeing the woman was evidently insane Officer Agnew started to accompany her down stairs to the City Prison for an interview with the sergeant in charge. When the officer opened the lower door and the woman saw the prison bars she gave one wild yell, jerked away from the officer and ran out of the hall and down the street muttering something about wanting \$2,000,000 for her title.

DEWEY EXPECTED EARLY IN JUNE.

Associated Press Dispatches by The Tribune's Special Leased Wire. WASHINGTON, May 11.—Secretary Long said today that the Navy Department would not seek to influence Admiral Dewey in any way in the selection of the route by which he will return to the United States. By an old custom of the department, an Admiral is allowed to return to the United States at the end of his tour of service on a foreign station in his own flagship, and in the present case Admiral Dewey may choose his own course, coming either by way of the Suez or directly across the Pacific.

The department now expects that he will reach this country early in June, though it is stated that he will not leave Manila until he has completed his functions as one of the Philippine Commission, at least to the extent of terminating hostilities.
